Screenvision to present motivational speaker Wayne Dyer

Jan 14, 2010

Best-selling author Dr. Wayne W. Dyer will bring "Wishes Fulfilled," his newest motivational presentation, to theatres on Jan. 28.

"Wishes Fulfilled" is produced by Cinema Events, LLC, in cooperation with Hay House, Inc. and is being distributed by Screenvision. The program was created at Hay House's late-2009 "I Can Do It!" conference in Tampa, Florida, where Dr. Dyer delivered to over 3,000 attendees a lecture on the dynamics of our thought processes and the ancient wisdom of the Tao Te Ching. His address was shot in high-definition with digital surround sound exclusively for the cinema.

"Wishes Fulfilled" moviegoers will receive a free download of his program "Putting the Excuses Begone! Paradigm into Action to Work in Your Life."

"The self-help/self-development field is exploding, and we believe there is strong demand to experience the inspiration of one of America's foremost motivational gurus on such an impactful platform as the big screen," said Darryl Schaffer, Screenvision's executive VP, exhibitor relations.
